CONTACT : 083 244 3197

Dear sir / madam

I am currently / presently a third year student who is studying a National Diploma in Horticulture.

I am writing on behalf of the advertisement on work placement in order to one of the employee who will be provided with practical experience and on-the-job skills, a career in research, expose to career prospects in biodiversity, the opportunity to observe and track students for permanent positions, accelerate the development of designated groups into the mainstream of competitive biodiversity conservation opportunities.

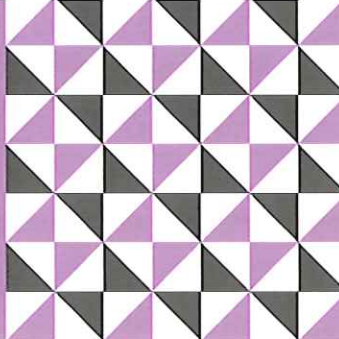

I like to work outside, in greenhouses, or in labs, engage in plant research, about plant evolution and development under natural and plant geneticist conducts detailed experiments on plants to produce new generations through artificial selection that have desirable qualities. Joining construction or landscaping companies to design and develop the landscape for a specific site is also my goal.

I am writing to express my interest and enthusiasm for the opportunity to do a work placement with your company. I am intelligent and have good skills which I help me learn quickly and I can organize. I am quick and flexible, which are both qualities needed to be an efficient first time trainee in a professional setting. I have good computer and language skills that could be of use to you. Selling fruit and vegetables on an open market has taught me how to be flexible and think on my feet and this experience will surely help me be an efficient trainee. I have studied Horticulture at school and look forward to putting this knowledge into practice for your company.

I would be grateful to have the opportunity to discuss the possibility of an internship / work placement in more detail. I hope you will look favorably on my application and I remain at your entire disposal for all questions and an interview at your convenience for more contact please do not hesitate to call on 078 865 7333. I look forward to hearing from you soon and hope that you will look favorably on my application.

Yours faithfully

Samukelisiwe Prudence Ntuli (Miss)
